## You have choices to fit your budget

You and your family want high-quality health insurance to protect your pocketbook. That's why all of our health plans give you full access to in-network health care providers and allow you to see in-network specialists without a referral. Some services will require review and prior authorization. Take a look at our plan designs on the previous page and see which one best fits your health needs and budget.

## HSA-qualified plans can help you save money

If you want more control over your health care expenses, take a look at one of our high-deductible health plans (HDHPs). These plans add a tax-favored, personal health savings account (HSA) you own and control. The tax-free money you put into your HSA can be used to pay for qualified health care expenses.
